SUMMARY

I finished high school in 2019 and attended a foreign IT college for a year however it closed midway due to the pandemic and political issues. I've joined a coding Bootcamp and studied computer science and full stack web development to pursue my goal.

EXPERIENCE

E-Commerce Merchandising Assistant
City Mart Holding Co., Ltd. (CMHL)   **August 2022 - November 2023, Myaynigone, Yangon**

· Assisted in the creation and deployment of content for the City Mall Online E-Commerce industry, contributing to an increase in site visits by 58% and an overall sales increase of 8%.

· Implemented merchandising strategies to increase brand presence and drive customer engagement, resulting in a 2.7x increase in new customers and a 2.7x increase in returning customers.

· Used data analytics to track and optimize product performance and ensure the accuracy of product information, resulting in 15% in conversions.
